

Anton

Senior .NET | C# | Backend Developer | Software Engineering |
Automotive & Fintech & Health care industries
Варшава, Мазовецкое воеводство, Польша

Общие сведения

I am a professional with 10+ years of experience in software development and a passion for creating .NET applications.

My skills and qualifications:

Languages: C# 7.0

NET Skill Set: .NET Framework, .NET Core, ASP NET MVC,
ASP.NET Web Api, ASP.NET Core

Databases: MS SQL, Entity Framework, Entity Framework Core,
MongoDB, Redis

Software: Visual Studio 2017, MS SQL Server 2017

Others: SCRUM, SOLID, Dependency Injection, Unit Testing,
XUnit, Kafka, NoSQL, Docker, Azure Service Fabric, Azure SQL,
Azure Storage (Blob, Tables), Azure Service Bus, Azure Application
Insights, ElasticSearch

I am proud that I have built the product architecture from scratch and developed MVP. Besides providing the technical input, I always reflect in order to understand and analyze data to find defects and suggest improvements. I am a results-oriented person, striving to come up with solutions to meet customers' satisfaction. That is why I consider myself as the creator, truly dedicated to the responsibilities granted to me.

Project description: Management Tool (NDA) is a platform that pulls together all projects and allows users to manage projects, use reports, build project schedules, dependencies, track all financial data, both costs and revenue.

Responsibilities:

- Take part in requirements analysis, task planning, estimation, coding, and participate in regular code reviews.
- Deal with specific customer issues, implementing fixes and other upgrades.
- Interact with an architecture team of 4 people (manage each component's performance, scalability, and resilience, MVP development, and write documentation).
- Interviewed potential candidates.

Achievements:

- Implemented technical and functional enhancements that added value to the product and increased customer satisfaction rate.
- Built custom LINQ provide (an adapter simplifying access to database layer from source code).

Project size: 4 members (Team Leader, Solution Architect, Senior .NET Developer, Middle .NET Developer)

Ciklum

Senior .NET Developer

сентября 2019 - июня 2021 (1 год 10 месяцев)

Киев, Киев, Украина

Project description: UXRisk – a flexible tool designed for efficient work processes digitization. It has 15+ standardized templates covering all aspects of risk management.

Responsibilities:

- Participate in grooming, planning, and estimation sessions.
- Transform the requirements to a set of unit/integration tests.

Achievements:

- Developed new functionality and new microservices for solution.
- Developed the microservice to export data from XML (SOAP service) to Azure Table.

— Implemented technical solutions and improved processes to enhance the platform.

Project size: 9 members (PM, PO, QA, Frontend Developers, Backend Developers).

Key technologies: .NET Framework, Azure Service Fabric, Azure SQL, Azure Storage (Blob, Tables), Azure Service Bus, Azure Application Insights, ElasticSearch, Docker, NUnit.

Project description: FleetManager – a modern car leasing solution for the global market. It helps companies digitize their fleet operation.

Responsibilities:

- Participate in grooming, planning, and estimation sessions.
- Transform the requirements to a set of unit/integration tests.

Achievements:

- Developed crucial platform components (MVP solution for migration from HTTP protocol to message bus for a microservice solution using Kafka framework).
- Built new microservices using .Net Core.
- Coached the team so that colleagues enhanced their skills in code and solution reviewing.

Project size: 7 members (PM, PO, QA, Frontend Developers, Backend Developers).

Key technologies: C#, .Net Core, ASP.NET Core Web Api, Entity Framework Core, Microservices, MS SQL, MongoDB, Redis, NoSQL, Docker, Xunit, Azure.

EXTEDO

Senior .NET Backend Developer as Contractor

сентября 2018 - сентября 2019 (1 год 1 месяц)

Kiev Region, Ukraine

Chudovo

Senior .NET Backend Developer

июля 2017 - сентября 2018 (1 год 3 месяца)

Ukraine

Evolvice GmbH

Middle .NET Developer

ноября 2014 - февраля 2017 (2 года 4 месяца)

TAS Life insurance company

Junior .Net Developer

июня 2013 - апреля 2014 (11 месяцев)

Kiev, Ukraine

Bancomcommunication (BKC)

.NET Trainee

сентября 2012 - мая 2013 (9 месяцев)

Kiev, Ukraine

Образование

National Aviation University

Master's degree, Computer Science · (2009 - 2015)
