PROFILE

- As an ETL Developer with +6 years of experience, I am currently a Data Specialist at Green Earth Corporation, where I extract, translate, and load large amounts of data from the SQL database.
- I have been recognized and thanked several times by senior management for my performance tuning efforts and code enhancements, which helped us to achieve ambitious performance targets. I also developed UNIX shell scripts to schedule and run jobs and the logging process.
- In addition to my experience, I hold a Bachelor of Computer Science and certifications in ETL Framework for Data Warehouse Environments and SQL/ETL Developer - T-SQL/Stored Procedures/ ETL/SSIS. I am familiar with SQL, Bash, Python, Perl, Talend, Informatica, Pentaho, C++ and Java.
