

Oleg

SUMMARY:

Automation QA engineer with knowledge of C#, Java, Delphi and different testing tools (Selenium, Jmeter, SQL Inject me, Telerik Test Studio, Junit, TestNG). Autotest development experience using Eclipse, IJidea (Java, Jbehave BDD tool) and Visual Studio (C#, Specflow BDD tool).

Experienced in full cycle and different methods of testing (manual, stress, overload, usability, regression, security, localization).

More than 2 years experience in testing of web applications, more than 14 years experience in IT.

EDUCATION:

09/1993 – 07/1998 – 5 years

National metallurgical academy, Dnipropetrovs'k, Ukraine

Faculty: Electro-metallurgy

Degree: Casting

09/1995 – 07/1997 – 2 years

National metallurgical academy, Dnipropetrovs'k, Ukraine

Faculty: Humanitarian

Degree: Computer science

09/2003 – 07/2007 – 4 years

National banking academy, Kharkov, Ukraine

Faculty: Banking

Degree: Banking and audit

COMPUTER SKILLS:

Programming languages (*understand syntax*):

C, C++, Visual Basic, PHP

Programming languages (*used for development*):

C#, Java, Delphi, HTML, XML, SQL, JavaScript

Databases:

Dbase II, MS-Access, MS-SQL Server 2008, MySQL, Oracle, Interbase, Sybase

Automated testing:

SQL Inject me, Telerik, Jmeter, Selenium, JUnit, BadBoy, Jbehave, Specflow

WORK EXPERIENCE (professional IT):

02/2021 – 10/2021 (remote) – 1 years

GFL , Mykolaiv, Ukraine

Software Testing Engineer

- ✧ Testing of Deluxe project – Api testing with Java (API, Selenium)
- ✧ Manual testing
- ✧ CI Tuning
- ✧ Business analytics – usability requests
- ✧ Postman usage
- ✧ Bug tracking system – Jira

09/2017 – 09/2020 (remote) – 1 years short term projects

<http://www.freelancerhunt.ru>

Software Testing Engineer

- ✧ Autotesting in Jbehave\Specflow\Rspec frameworks (Java, C#,Ruby)
- ✧ API testing (Postman, Rspec)
- ✧ CI tuning
- ✧ Developing of Junit test (Java language)
- ✧ Documentation development (Testplans, Testcases)
- ✧ Manual testing (web, IOS, Android applications)
- ✧ Docker and AWS tuning and usage

08/2016 – 09/2017 (remote) – 1 years

CriptoExchange , Kyiv, Ukraine

Software Testing Engineer

- ✧ Testing of CriptoExchange project – Api testing with C#+BDD
- ✧ Docker setup
- ✧ CI Tuning
- ✧ Business analytics – usability requests
- ✧ Web application with manual and auto testing
- ✧ AWS usage
- ✧ Bug tracking system – Jira

07/2015 – 08/2016 (remote) – 1 years

LifeApp , Kyiv, Ukraine

Software Testing Engineer

- ✧ Testing of LifeApp project – Api testing with Java+BDD

- ✧ Docker setup
- ✧ CI Tuning
- ✧ Business analytics – usability requests
- ✧ IOS/Android manual and auto testing
- ✧ AWS usage
- ✧ Bug tracking system – Jira

02/2015 – 07/2015 (remote) – 1 years

RedleafSolutions , Ontario, Canada <http://www.redleafsolutions.ca/>

Software Testing Engineer

- ✧ Testing of Ishell project – SDK, Minigent – Web server
- ✧ Java project;
- ✧ Business analytics – usability requests
- ✧ Developing of Junit test (Java language)
- ✧ System testing – test cases executing with bash-scripts
- ✧ Bug tracking system – none

09/2013 – 09/2014 (remote) – 1 years

DigitalArrowTech , LA, USA <http://www.digitalarrowtech.com>

Software Testing Engineer

- ✧ Testing of ED project – network access servers –
- ✧ Java project; Objective C;C++; Linux , MacOS, FreeBSD Windows, Android, IOS platforms; MySQL database
- ✧ Business analytics – usability and performance improvements requests
- ✧ Developing of Delphi projects for test reporting – Auto creating of HTML; performance test reports using application logs
- ✧ System testing – test cases executing with bash-scripts
- ✧ Bug tracking system – Jira

09/2012 – 09/2013 – 1 years

Ukrainian-American JV “ISD”, Dnipropetrovs'k, Ukraine <http://www.isd.dp.ua>

Software Testing Engineer

- ✧ Testing of EMR project – medicine information management –
- ✧ Java project; Jboss and Tomcat web-server; Linux & Windows platforms; MySQL database
- ✧ Business analytics – added multiple completed feature requests
- ✧ Developing of Java project for test reporting – Auto creating of HTML; stress and functional test reports using Jmeter and Java
- ✧ System testing – test cases executing by scheduler (TeamCity with Maven)
- ✧ Web Services testing – manual and auto testing using Selenium
- ✧ Bug tracking system – Jira (managing of issues, for example, watching via Selenium)
- ✧ Reason of leaving: low salary

01/2012 – 07/2012 – 7 months

Itrezzo, Dnipropetrovs'k, Ukraine <http://www.itrezzo.com/>

Software Testing Engineer

- ✧ Testing of Blackberry Itrezzo– customer management system for desktop and mobile systems <http://www.itrezzo.com>
- ✧ .NET framework; C#, Microsoft Visual Studio , Telerik Test Studio C#
- ✧ Bug tracking system- Redmine
- ✧ Using tools of test automation – Selenium, Telerik Test Studio
- ✧ *Reason of leaving:* job position canceled

05/2002 – 12/2011 – 9,5 years

Public Joint-Stock Company “PrivatBank”, Dnipropetrovs'k, Ukraine

<http://www.privatbank.ua>

Programmer

- ✧ Testing of Privat24 (manual, functional using Selenium, stress within Jmeter)– payment system <http://www.privat24.ua>
- ✧ Developing Privat24 modules within Java servlets, XML, Javascript – Deposits, Loans, Messages, Equaring, Invoices
- ✧ Developing Facebook application for PrivatBank – Facebook NanoShop
- ✧ Developing SQL queries for Department of statistics
- ✧ Developing Delphi applications for chart stress test reports creating
- ✧ Maintaining of Sybase servers for payment systems
- ✧ Java framework; HTML, XML, JavaScript
- ✧ Wild testing – reporting of critical issues
- ✧ Bug tracking system – Redmine
- ✧ Java containers – Tomkat, Jboss
- ✧ Web-servers – Virgo, Apache
- ✧ Using tools of test automation – Selenium, Jmeter
- ✧ *Reason of leaving:* self-motivation to growth professionally

03/2001 – 04/2002 – 2 years

Vist LLC, Dnipropetrovs'k, Ukraine <http://www.vist.dp.ua>

System administrator

- ✧ Manual testing and maintaining for partners company products (AB soft, 1C)
- ✧ Developing Delphi applications for sales and warehouse documents creating
- ✧ Developing, installation, maintaining of network (Windows, Novell, Linux) with different types (twisted pair, coaxial, optical fibre)
- ✧ *Reason of leaving:* self-motivation to growth professionally

08/1998 – 03/2001 – 2.5 years

Ista-Center LLC, Dnipropetrovs'k, Ukraine <http://www.ista-center.com.ua>

Software tester

- ✧ Developing Delphi applications for sales and warehouse
- ✧ Databases – Interbase, MS Access
