Work experience

Oxagile - Software Engineer

Poland · May 2022- Aug 2024 (2 yr 4 mos)

Description: I contributed to the development of a large-scale Media Asset Management (MAM) system using Angular and a microfrontend architecture designed for searching, organizing, and editing media content, primarily videos. My main focus was on building and maintaining cut-app, a microfrontend for video editing directly in the browser, ensuring high performance and ease of use when working with video files.

Role: Frontend Developer

Technologies: Angular 12-16, TypeScript, Microservices, Microfrontends, RxJS, SCSS, Playwright, Jenkins

IntexSoft Software Development - Software Engineer

Hrodna, Belarus · Apr 2020 - Apr 2022 (2 yrs)

Project #1

Description

: The project for mobile network operator. The app is to manage various processes (including billing systems) on all levels of the company, by all possible employees. My role was to develop functionality for user's payment history and all data (tables, charts, etc.) related to it.

Role: Frontend Developer

Technologies: Angular 13, AngularJS, TypeScript, RxJS, SCSS, Playwright, TeamCity

Project #2

Description

: System used to cover the whole process of printed media production preparation from catalog/page concept to getting hard copy from print machine. The system has plugin client-server architecture that allows extending both server and client functionality.

Role: Frontend Developer

Technologies: Angular 8, TypeScript, NgRx, RxJS, Less, Jest, Protractor, Adobe Flex, Jenkins

UkratMedia (УкратМедиа) - Frontend Developer

Ukraine (Remote) · Jul 2019 - Jun 2020 (1 yrs)

Description: Feature implementation and bug fixes on various projects.

Role: Frontend Developer

Technologies: Angular, React, WordPress, PHP, JavaScript, TypeScript

Instinctools (Saitodrom) - Trainee

Hrodna, Belarus · Dec 2018 - Apr 2019 (5 mos)

Description: Feature implementation and bug fixes on various projects.

Role: Frontend Developer

Technologies: PHP, WordPress, JS, jQuery, Less, Scss, Bam

Volunteering

The Rolling Scopes School - Mentor

Remote · Jun 2022 - Feb 2023 (9 mos)

Description: I was engaged into mentoring activities in RSSchool. I conducted six courses, starting from basic JS and ending with Angular framework. While teaching, I gave lectures, conducted sprint reviews and QA sessions for the students. The total amount of my mentees is 22. Moreover, I helped the courses organizers, led the final assignment and evaluated presentations of final projects.

Period: 9 mounts

Technologies: JavaScript · TypeScript · Angular
